Vancouver, Washington 98686

STOP WORK ORDER

You are hereby notified that you must immediately cease all work and operations under your right-of-way grant UTU-80785 issued June 10, 2005 for the Green Peak Quarry, access road and waste rock pile.

The reason for this stop work order is as a result of a field inspection performed on August 17, 2005, your operation is not in compliance with Special Stipulations #2, #3, #8, #15 of the right-of-way grant.

You are hereby directed to contact any crews working at the site to immediately suspend all work until further directed by this office.

We would like to meet with you, your field representative, and a representative of the State of Utah Division of Oil, Gas, and Mining at the site to go over the requirements of the mine plan and the right-of-way grant before further work will be allowed on this site.

If you have any questions, you should contact Mike Nelson of this office at (801) 977-4355.

David H. Murphy
Assistant Field Manager
Non-Renewable Resources

Cc: Mr. Lynn Kunzler
State of Utah
Division of Oil, Gas and Mining
